

Postdoc candidates interested in MSCA Individual Fellowship

xoves, 5 marzo, 2020 - 19:48

CiTIUS, the Research Centre in Intelligent Technologies of the University of Santiago de Compostela, is willing to support one or more excellent researchers of any nationality interested in applying for a EU Marie Skłodowska Curie Individual Fellowship and continuing their scientific career in Spain for a period of at least 2 years.

The Marie Skłodowska-Curie Individual Fellowship Programme (MSCA-IF) aims to support the career development and training of excellent researchers through international mobility. We are willing to support applications related to one of our Scientific Programmes:

1. Machine Learning
2. Advanced Computing
3. Approximate Processing
4. e-Health
5. Personal Robots
6. Semiconductor Devices and Autonomous Sensors
7. Natural Language Technologies
8. Artificial Vision

Researchers with a good scientific background and a project in mind, are encouraged to contact our team. CiTIUS team will work in tandem with the selected candidates in the preparation of their candidature in order to submit a successful application to this competitive programme.

Positon details

- Full-time contract with a gross salary of about 3.300€/month (14 payments per year, i.e. 46.200€ annual gross salary). It includes medical care coverage and work accident insurance through the Spanish Health System, as well as pension and unemployment benefits.
- Structural funding for R&D activities of approx. 30.000€/year.
- The fellowship is for a period of 2 years, renewable at the end of the fellowship depending on scientific performance.
- The feedback from the call is expected in early 2021 and, if successful, the estimated starting date will be April-May of 2021.

Eligibility criteria

- **Research area:** PhD in Computer Science, Computer Engineering, Mathematics, Physics or related fields, with research

experience in one of the above-mentioned Scientific Programmes.

- **Geographic mobility:** at the date of the call deadline, not have been working in Spain for more than 12 of the last 36 months. Candidates of all nationalities are eligible.

Desirable skills

- Scientific leadership.
- Highly motivated candidates with an excellent scientific track-record.
- Fluent English is essential.
- The ideal candidate will be organized, hard-working and have the ability to work in a team and interdisciplinary environment.
- Good communication skills.

Our research Center

CITIUS is a research centre specialised in Intelligent Technologies located in Santiago de Compostela, Spain. Currently, the Centre has a team of more than 100 researchers, including 31 senior researchers, selected by an external Scientific Advisory Board. In the last 4 years (2016-2019), CITIUS has attracted funding of over 10,5M€, of which more than 2,7M€ are from projects in collaboration with the industry sector. Currently, the centre has 9 international projects under development. In the same period, CITIUS published over 150 articles in indexed journals (SCI-Scopus) and defended 38 PhD thesis. CITIUS also transferred 15 software licenses and created 2 spin-offs, Situm and Imagames. CITIUS also collaborates with relevant companies such as Indra, Finsa, Everis, Johnson&Johnson or Mestrelab Research among others.

Working at CITIUS

CITIUS provides a stimulating, interdisciplinary and cutting-edge scientific environment, where our researchers can foster and develop their scientific career in an international team. Among others, we offer:

- State-of-the art research facilities and career development opportunities
- Be in contact and work in international research projects
- Flexible working schedule. CITIUS is committed to reconcile a work and family life of its employees.
- Training Programme in transversal skills which aims to enhance future employability and career success of our researchers including among others, intellectual property rights, technology transfer, entrepreneurship, dissemination and outreach.
- Possibility to participate in dissemination events with industry and outreach activities with scholars, organised throughout the year.
- Access to university facilities: gym, sport activities, Spanish courses, etc.

Application

Candidates interested in this position should fill in [the online application form](#). The application must contain information of the research background and work experience, including:

1. A complete **CV**, including personal contact information.
2. A **motivation letter**, outlining the 5 most relevant research results (1-page).
3. Brief 1-page proposal of your future **research project**.

Deadline of the pre-selection process: candidatures will be evaluated regularly until a suitable candidate is selected. Please submit your application by 21 June 2020 at 23h59 CET (UCT +01:00) .

Questions or clarifications about this call or the application process can be directed to the CITIUS Knowledge and Transfer Management Unit: citius.kmt@usc.es
